UCEAP Course Suffix
UCEAP Official Title FORENSIC ANTHROPOLOGY
UCEAP Transcript Title FORENSIC ANTHROPOLO
UCEAP Quarter Units 4.50
UCEAP Semester Units 3.00

Course Description

This course examines the field of forensic anthropology – a scientific discipline that involves the application of methods from biological anthropology and archaeology to the identification, recovery, and analysis of skeletal remains from crime scenes, mass disasters, and unexplained death. Through lectures and in-class assignments, students will learn about the methods for recognizing and recovering evidence that allows for the determination of time since death, manner and cause of death, and the identification of individuals.
