Course Description

This course examines the philosophical thought of Confucianism, Taoism, and Buddhism. As a cornerstone of Chinese culture, Confucianism contributes to the establishment of the human moral way by articulating a conception of humans as moral subjects. Taoism stresses the pursuit of an ideal life by understanding the changes of the universe, while Buddhism applies the concept of karma to show how the ultimate cause of human suffering lies in ignorance. Other Chinese philosophical thought such as Mohism, Legalism, and the School of Yin and Yang may also be covered.
