Course Description

This course examines American hemispheric history, society, and culture across North and South America. The course will introduce significant social and cultural developments in selected countries of the Americas. Topics will include indigenous - colonial relations; slavery and its legacies; the impact of modernity on society and culture; the struggle for civil rights in 20th and 21st centuries; wars and empire; immigration, forced migration and its impact on politics; globalization and neoliberal economics; and the rise of populist nationalism in the 21st century.
