Course Description

This course is the first half of the course Modern Chinese, which introduces the basics of phonetics, phonology, lexicology, and syntax of modern Chinese. The first half of the course includes three sections: introduction, phonetics and phonology. The introduction section highlights the relationship between the Chinese language and Chinese characters, the history of Putonghua (standard Mandarin Chinese), Chinese dialect classification, and the standardization of the modern Chinese language. The phonetics section covers basic knowledge of acoustic and general phonetics. The phonology section provides an introduction to the phonology of Putonghua, and the relationship between Hanyu Pinyin Fang'an (the Scheme for the Chinese Phonetic Alphabet) and the Mandarin phonological system.
