ARCHAEOLOGY 1A

UCEAP Quarter Units
8.00

UCEAP Semester Units

5.30

Course Description

This course provides an introduction to archaeology for students who may or may not have studied the subject before. The course outlines what archaeology is, and how it is practiced. Topics include principles and methods of archaeological investigation, analysis, and reconstruction; human evolution and the hunter-gatherers of the Paleolithic; and early agricultural societies, which charts the crucial shift from hunting and gathering to farming in the Near East and Europe.

Language(s) of Instruction
English
