## Course Description

This course assesses private International law; its various theories, its sources, its methods, and techniques. The course addresses the problems of applying different provisions to the same legal relationship between people of different nationalities; the solutions provided by immediately applicable rules and regulations; materials; the traditional conflict system, model laws, and uniform law. By the end of the course, students are expected to identify factual situations and adopt a decision based on law, acting in a loyal, diligent and transparent manner in the defense of the interests of the people they represent.
