Course Description

This course examines the government and politics of Europe. Particular attention will be given to the relationships between the largest European countries, the European Union, and the rest of the world. It will examine European policies in relation to a range of important contemporary issues including policies relating to international trade, climate change, Artificial Intelligence and international security. Throughout the course, an institutionalist perspective will be taken. It will examine the main formal and informal institutions at the national and international levels, as well as the main actors that shape policy outcomes.
