UCEAP Course Suffix
UCEAP Official Title PRINCIPLES OF STATISTICS I
UCEAP Transcript Title PRINCIPLES STATS I
UCEAP Quarter Units 6.00
UCEAP Semester Units 4.00

Course Description

This course examines examples of statistical data and the use of graphical means to summarize the data. It covers basic distributions arising in the natural and behavioral sciences; the logical meaning of a test of significance and a confidence interval; and tests of significance and confidence intervals in the one and two sample setting (means, variances and proportions).
