3.30

## Course Description

This course is an introduction to sociology of the Arab region. It focuses on the processes of change and continuity that have helped establish the main elements of contemporary Arab societies. This course analyzes the linguistic, ethnic, and religious structures of the region, as well as the different trajectories of state formation, gender policies, family structures, the relationships between religion and power, and the main transformations since 2011 as a result of Arab Spring.
