12.00

UCEAP Semester Units

8.00

Course Description

The course introduces students to literature and debates in the fields of the anthropology of geopolitics and the anthropology of diplomacy. It explores historical expressions of geopolitical projects and processes, focusing on the spatial, cultural, political, and social characteristics of these, the experiences of societies living in contexts shaped by geopolitical processes across the world, and the forms of informal diplomacy that are also an important aspect of the contemporary world (dis)order.
