Course Description

This course looks at the evolution of modern China's political and economic system; the Chinese state in comparative perspective; issues and problems of China's political and economic development. This course explains the Chinese political system and state administration, the characteristics of China's socialist market economy, and analyses the role of the Communist Party of China. Students assess different theoretical approaches used in current research on modern China, and develop and present individual research interests on China's political system.
