Course Description

The course is designed to equip students with experience, knowledge, and skills for succeeding in globally interdependent and culturally diverse workplaces. Throughout the course, students will be challenged to question, reflect upon, and respond thoughtfully to the issues they observe and encounter in the internship setting and local host environment. Students will have the opportunity to cultivate professional and personal development skills as defined by the National Association of Colleges and Employers (NACE). Assignments focus on building a portfolio that highlights those competencies and their application to workplace skills. Students complete 45 hours of in-person and asynchronous online learning activities and 225-300 hours at the internship placement.
