UCEAP Course Suffix
UCEAP Official Title SKYSCAPES: CULTURAL INTERPRETATIONS OF THE SKY
UCEAP Transcript Title CULTURAL SKYSCAPES
UCEAP Quarter Units 6.00
UCEAP Semester Units 4.00

Course Description

This course examines how the sky has shaped cultures from across the world and in different times. Students explore how sky watching has provided answers to fundamental questions, such as the origins of life and the world, how society should be organized, and how lives should be led. Topics include perspectives from Indigenous, European and Asian cosmologies, practices of prediction including astrology and meteorology, and implications of technology that is now reshaping the sky.

Language(s) of Instruction
