Course Description

The course offers a comprehensive exploration to some of the main areas of music study that students encounter during subsequent years of their study. These include an exploration in music and music history from the Middle Ages to ca. 1780; music and music history from ca. 1780 to the present day; jazz and popular music (broadly defined); ethno-musicological issues, and to music cognition. This course covers ethnomusicology and film music. All students must be able to read music fluently.
