## Course Description

This course is designed to provide students with a comprehensive introduction to the entire integrated marketing communication process, covering a variety of elements in integrated marketing communication and other marketing components. The course instructs on how advertising relates to marketing and the specifics of research, setting objectives, strategy, positioning, creative, media, promotions, public relations, and campaigns. Upon completion of the course, one will have a better general understanding of the development of the advertising industry; how it works today, and debate about its roles in society.
