**UCEAP Course Suffix** 

UCEAP Official Title INTRODUCTION TO STATISTICS

UCEAP Transcript Title INTRO: STATISTICS

**UCEAP Quarter Units** 6.00

**UCEAP Semester Units** 4.00

## **Course Description**

The course provides an elementary introduction to probability and statistics with applications. It covers statistical methods often used by decision makers to present and describe data and how to draw conclusions about populations and make reliable forecasts. In addition, since many statistical calculations are only feasible when one uses computers, students will also learn how to use Microsoft Excel to perform statistical analyses.
