COURSE DETAIL

THE DYNAMIC CELL

Country
United Kingdom - England

Host Institution
University of Manchester

Program(s)
University of Manchester

UCEAP Course Level
Upper Division

UCEAP Subject Area(s)
Biological Sciences

UCEAP Course Number
129

UCEAP Course Suffix
N

UCEAP Official Title
THE DYNAMIC CELL

UCEAP Transcript Title
THE DYNAMIC CELL

UCEAP Quarter Units
4.00

UCEAP Semester Units

2.70

Course Description

This course provides an integrated approach to the understanding of the biology of the cell, from understanding the molecular mechanisms that underpin cellular processes through to how such processes allow cells to function in their physiological context (i.e. in tissues and during development); to teach both "classical" and leading edge experimental approaches to cell biology research.

Language(s) of Instruction
English

Host Institution Course Number
BIOL21121

Host Institution Course Title
