Course Description

This course offers a broad survey of the evolution of travel and tourism, delving into its historical foundations and contemporary complexities. Students examine the history of travel and exploration and its impact on cultural exchange, empire-building, economic development, and global connectivity. Students trace the historical roots of the booming travel and tourism industry, and are introduced to contemporary issues related to travel consumerism, sustainability, and the influence of technology and social media. Students develop an understanding of the multifaceted nature of travel and tourism within the broader historical and contemporary context of societal, cultural, and environmental dynamics.
