UCEAP Course Suffix
UCEAP Official Title CINEMATIC SPACE
UCEAP Transcript Title CINEMATIC SPACE
UCEAP Quarter Units 6.00
UCEAP Semester Units 4.00

Course Description

This course examines the deep connection between film and architecture. Both are art forms that shape and articulate our experience of space and place, influencing how we perceive and interact with the built environment. Through themes of space, place, and time, students will explore cinematic perspectives and methodologies for spatial analysis and design. By analyzing and making short films, students will also explore opportunities and strategies for storytelling, documentation, research and critique of the built environment.
