4.50

**UCEAP Semester Units**

3.00

## Course Description

The Egyptian legal system is considered according to its present structure and historical development including institutions, processes, laws, and the courts. There is special emphasis on developments in constitutional law and the role played by the constitution in the political context of present day Egypt. The course also offers an introduction to Islamic jurisprudence in the classical doctrine, in the pre-modern Egyptian legal system, and in contemporary Egypt.
