Course Description

This is an advanced level art studio course in sculptures for students with prior experience in sculpturing techniques. Enrollment is by permission of the instructor and Accademia di Belle Arti (ABABO). The course is held at ABABO during the first and second semesters. Students are required to attend both the theoretical part and the studio laboratory and to complete individual projects. The main aim of lectures and laboratory activities is to provide students with the necessary techniques to independently execute their works in various contexts and conditions, such as: public and private settings, or enclosed and open spaces. Students learn the complexity and compositions of traditional and modern techniques. incorporating various disciplines and using different materials. Students are graded on the artistic capacity of their projects as well as the understandings and manners of the techniques chosen.
