BIOMEDICAL SCIENCE RESEARCH PROJECT

UCEAP Transcript Title

BIOMED SCI RESEARCH

UCEAP Quarter Units

6.00

UCEAP Semester Units

4.00

Course Description

In this course students participate in an individual program of supervised research within the School of Biomedical Sciences, or elsewhere within the faculty, at a research institute or overseas institution in which the student contributes to the design of a research project, in consultation with a supervisor; conducts the research; and presents the findings of the project. The project may be self contained or form a component of a larger research program.
