Course Description
This course provides an interdisciplinary study of the development of Latin American socio-political thinking of the 19th and 20th centuries. The course discusses the multi-faceted perspectives and ideologies that developed regarding Latin America in its particulars and its totality. Topics include indigenist theories, multi-ethnic states, constitutional regimes, dictatorships for order, nation-state, new trade relations with empires, proposals for revolutionary change, characterizations of military dictatorships and Latin American democracies. It also provides an analysis of integration, pluralities and new proposals for development in Latin America.
