Course Description

This course provides an introduction to the study of International Political Economy (IPE). IPE is a field of research that combines the study of politics and economics, exploring both domestic and international factors that impact preferences, behaviors, and policies relating to economic globalization. The course covers major topics of inquiry within IPE such as the politics and policies relating to international trade, international investment, and international finance. Students are introduced to theoretical and empirical research analyzing each topic covered.

Language(s) of Instruction
