UCEAP Transcript Title
GENDER/SEX&SEXUALIT

UCEAP Quarter Units
6.00

UCEAP Semester Units
4.00

Course Description

This course explores gender, sex, and sexuality in a cross-disciplinary environment that promotes a dialogue between both students and academics from different faculties. Teaching sessions comprise combinations of lectures and seminars that juxtapose different approaches to related subtopics, for example by pairing a science-based lecture with a seminar on the representation of gender or sexuality in the arts. These sessions are framed by reflective exercises aimed at identifying areas of overlap as well as gaps and contradictions within these approaches.
