UCEAP Semester Units

3.00

Course Description

This course immerses students in a global examination of the rise of far-right movements, employing mixed methods to explore radicalization, narratives, and mobilization strategies. The comparative perspective encompasses cases in both Latin America and Europe. Participants gain practical experience in qualitative data collection and analysis techniques, as well as skills in database construction and discourse analysis. The course culminates in the drafting of a research publication, fostering the development of rigorous academic skills.
