UCEAP Course Number 160
UCEAP Course Suffix
UCEAP Official Title What does natural science have to do with gender?
UCEAP Transcript Title NAT SCI & GENDER
UCEAP Quarter Units 4.50
UCEAP Semester Units 3.00

Course Description

This course starts with the question of what is understood by “gender” in gender studies and a systematization of the field of gender studies in STEM/planning. In the second part students examine studies of gender studies in STEM and planning in different disciplines. The course concludes with a project phase in which students are in working groups on topics from the field of gender studies on STEM/planning using the materials provided and present the results.
