Upper Division

**UCEAP Subject Area(s)**

Biological Sciences

**UCEAP Course Number**

120

**UCEAP Course Suffix****UCEAP Official Title**

CAPSTONE PROJECT: MARINE CONSERVATION, HUMAN USE, AND UNDERWATER NOISE

**UCEAP Transcript Title**

CAPSTONE PROJECT

**UCEAP Quarter Units**

6.00

**UCEAP Semester Units**

4.00

**Course Description**

This course examines marine protection and conservation science and associated management of marine environments. It covers the principles of marine protection, including the varied ways that marine habitats are assessed for protection, can be protected, and the techniques used to assess whether protection has been successful.

**Language(s) of Instruction**

English
