Course Description

This course is an introduction to labor economics with an emphasis on microeconomic theory and public policy. The class studies how individuals provide their labor supply; how firms demand labor, and how labor markets reach the equilibrium. The course also discusses several other topics, such as immigration, human capital, education, discrimination, training, unions, inequality, etc.

Required course prerequisite: Introductory Microeconomics.

Recommended course prerequisites: Introductory econometrics, public economics, intermediate microeconomics, and intermediate econometrics courses.
