6.00

UCEAP Semester Units

4.00

Course Description

This course examines how frameworks/concepts/tools of social justice are deployed in the context of globalization, and examine to what extent they are effective vehicles for social changes, in what ways, and for whom. Through keywords and themes on coloniality, class, race, gender, and sexuality, it analyzes structural oppressions across borders and generations, while envisioning a less exploitative, more sustainable, and more just world.
