3.00

**UCEAP Semester Units**

2.00

## **Course Description**

This course examines the global condition of women and girls through a political-economic lens; specifically, the sexual politics that underpin the global economy. It canvasses different perspectives on women's place in the global economy starting in the 19th century and examines topics like the labor market; class, and waged-based exploitation that exemplify the sexual politics of the capitalist economy and the harmful results on women and girls.
