Course Description

This is an intermediate English linguistics course which should be taken after studying the basics of linguistics. It provides students with the basic knowledge of English Language Teaching in secondary education in Japan from a practical point of view and investigates how one's knowledge of English (not only structural but also communicative) can be used to improve learners' abilities to use English.

Course Prerequisites: Enrollment in at least one or two of the introductory courses of linguistics offered at SILS (Introduction to Applications of Linguistics and Introduction to English Linguistics).

Language(s) of Instruction

English
