NEUROPSYCHOLOGY OF MUSIC

**UCEAP Transcript Title**

NEUROPSYCH OF MUSIC

**UCEAP Quarter Units**

8.00

**UCEAP Semester Units**

5.30

## Course Description

This course examines the psychological, physiological, and sociological foundations of music across the lifespan. It focuses on a broad range of topics including, among others, what happens in the brain when we play or are exposed to music, and what the clinical implications of music are. Students are encouraged to apply the acquired theoretical knowledge to develop new scientific research hypotheses and ideas related to the field.

## Language(s) of Instruction

English

## Host Institution Course Number
