Course Description

This course provides a historical survey of British cinema as well as an introduction to critical and theoretical debates associated with national cinema. Examine the relationship between British cinema and British culture, history, and national identity. Consider how British cinema has represented other dimensions of identity such as class, gender, ethnicity, and sexuality. Analyze a range of films in order to explore how British cinema. Lastly, the course considers how specific genres such as the crime film and the period drama have functioned in the national and international marketplace.
