Course Description

This course is part of the Laurea Magistrale degree program and is intended for advanced level students. Enrollment is by permission of the instructor. By the end of the course, students gain the most effective strategies of social inclusivity of diverse human groups with a specific focus on migrants at the theoretical, methodological, and practical intervention level. The focus of teaching and learning includes socio-cognitive strategies leading to social inclusivity:

- cross categorization,
- multiple categorization,
- counter-stereotypical categorization,
- common ingroup identity,
- dual identity,
- social identity complexity,
- relational strategies: intergroup contact in its diverse guises.
