Course Description

The course provides knowledge of the fundamental legal standards related to the contemporary Public Law under the national and European legal frameworks. Students build skills on the following: legal systems; common and civil law; national and supranational sources of law; interpreting legal standards; national and supranational institutions; state's powers and bodies; law-making and rule-making; soft law and intangible standards; public power; government, agencies, and authorities (NRAs, etc.); adjudication; orders and sanctions; and judiciary and remedies. Case-law methodology drives the discussion over the course's subjects and issues.

Course content is divided as follows: State; Political Form (Form of State) and Political Regime (Form of Government); National and *supra*-national legal systems; Sources of law; Freedoms, fundamental Rights, Human Rights, Organization of the State and constitutional powers; The Constitutional Justice
