## Course Description

Literature is deeply embedded within socio-cultural context. This elect course focuese on the multi-dimensional intersection between literary studies, feminist literary critique, and western social hisotry, to emphasize the impact of literature on social development by way of examining women's relationship to reading and writing in a broad historical spectrum. Methodologies involved include literary and cultural analysis, feminist movments, and critical understanding and discussion on issues of women and family, marriage, motherhood, education, social engagement, intellectual history, and agency.
