6.00

UCEAP Semester Units
4.00

Course Description

This course examines Australian archaeology. It covers topics such as community-based archaeology, decolonization and how the past informs contemporary issues, providing requisite knowledge for working in the archaeological sector in Australia. Following the stratigraphic sequence of an archaeological excavation, this course moves from the present through British invasion and into the deep past to reveal the layers of extraordinary capacity, diversity and complexity of Australia's First Peoples.

Language(s) of Instruction
English
