## Course Description

This clinical course provides practical aspects of lawyering, including interviewing clients, identifying and summarizing legal issues and evidentiary matters, conducting research, writing papers on legal problem solutions, and preparing legal memoranda. These tasks are undertaken under close supervision of instructors or practicing lawyers. Students gain the capability to handle cases independently and effectively. Legal Clinic 2 provides clinical case studies of criminal and administrative law. Through this course, case study of criminal and administrative law is explored, and appropriate research, practices, papers, etc., are provided for students.
