COURSE DETAIL

HUMAN COMPUTER INTERACTION

Country
Ireland

Host Institution
University College Dublin

Program(s)
University College Dublin

UCEAP Course Level
Upper Division

UCEAP Subject Area(s)
Computer Science

UCEAP Course Number
126

UCEAP Course Suffix

UCEAP Official Title
HUMAN COMPUTER INTERACTION

UCEAP Transcript Title
HUMN/CMPTR INTRACTN

UCEAP Quarter Units
5.00

UCEAP Semester Units
3.30

Course Description

Human-Computer Interaction (HCI) is a distinctive branch of computer science dedicated to understanding the relationship between people and computers. It provides a set of techniques that enable software engineers to develop computing applications that better respond to the needs, abilities and interests of customers, clients and end-users. This course provides theoretical grounding, practical knowledge, and hands on experience of key skills needed to design and build better interfaces for computing systems.
