### **Course Description**

No other book has had a more profound effect on the history of Western civilization than the Bible, influencing all western cultures and inspiring many of the works of literature, art, and music that define the Western cultural heritage. The course explores the Bible from start to finish, covering a range of significant biblical figures (e.g. Adam, Abraham, Moses, David, Jesus) and introducing students to the most influential of the Bible's books (e.g. Isaiah, the Psalms, Job, the Gospels, Revelation). The course provides students with a basic biblical literacy, all the while exploring the reception of the Bible throughout history and its role in modern day culture.
