Course Description

This course studies the dynamic and complex condition of Latin American societies and culture through an examination of various literary works. It explores then different characteristics, developmental phases, and trends of Iberoamerican works and authors. Topics include: discovery, encounter, or invention: Europe's vision of America; conquest, colonization, and cultural mestizaje; Baroque art: imitation, resistance, and rupture in 17th century colonial thought; Enlightenment in the colonies: the debate between faith and reason; colonial independence.
