3.30

Course Description

The course explores the history and culture of France through a multidisciplinary analysis of literary, historical, and audiovisual texts. By examining key works by historians and writers from different periods, students will gain insight into the socio-historical contexts that shape literary creation and historical discourse. The course develops students' ability to critically analyze texts, conduct independent research, and communicate effectively in French, while fostering a reflective and critical approach to works of art and cultural production.

Language(s) of Instruction
French
