### **Course Description**

This course requires previous knowledge of the enunciation system in Spanish syntax in simple, compound, and complex sentences; form and function of the parts of a sentence; simple and compound tenses of indicative and subjunctive; formal and informal imperative; aspectual and modal verbal periphrases; nonpersonal forms of the verb, and regulating elements and practical and stylistic resources of language.

Learning outcomes:

- Interact in a variety of situations of social, school, and professional life
- Express opinions and agreement or opposition to ideas expressed by other people
- Make structured presentations, narrations, and descriptions
- Understand the main idea and details in structured speeches on various topics in different contexts
- Fully understand all types of texts
- Write descriptive, narrative, and argumentative texts on topics familiar to the student as biographies, work-related, and academic.
