MUSEUM SCIENCE
Country Japan
Host Institution Keio University
Program(s) Keio University
UCEAP Course Level Upper Division
UCEAP Subject Area(s) Art History
UCEAP Course Number 137
UCEAP Course Suffix
UCEAP Official Title MUSEUM SCIENCE
UCEAP Transcript Title MUSEUM SCIENCE
UCEAP Quarter Units 3.00
UCEAP Semester Units 2.00

Course Description

Historical museums play a role in shaping their local communities - they weave a rich local history based on the historical and cultural resources (local heritage) that remain in the area. These resources are not necessarily limited to the materials stored in museums, but includes the local environment shaped by history itself. This course explores the relationship between museums and local heritage, drawing on the instructor's experience as a museum curator specializing in architectural history in Yokohama.

Language(s) of Instruction
Japanese

Host Institution Course Number
