## Course Description

This course provides opportunities for students to formulate international cooperation and global governance strategies, while considering characteristics of specific globalization challenges. The course aims to understand the relevant actors or agents in international cooperation for development, including their diverse instruments and modalities. The class evaluates causes, consequences and interests of the actors involved in international cooperation and global governance, then they design international cooperation and global governance strategies, seeking a fairer distribution of power.

The course requires prior knowledge in the evolution of the international system as well as International Relations theories.
