3.30

Course Description

The course focuses on the linguistic, pragmatic, and cultural contrasts between English and Spanish, providing the tools and methods needed to analyze differences across grammar, discourse, and usage. It also explores how language reflects and shapes cultural and social identities in the United Kingdom and the United States, with an emphasis on post-1945 developments. Topics include regional and social language variation, cultural norms, and key sociopolitical issues related to language use and diversity.
