Course Description

This course covers topics including the evolution of modern China's political and economic system, the Chinese state in comparative perspective, and issues and problems of China's political and economic development. Upon successful completion of this course students should be able to explain the Chinese political system and state administration, explain the characteristics of China's socialist market economy, analyze the role of the Communist Party of China, critically assess different theoretical approaches used in current research on modern China, and develop and present individual research interests on China's political system.
