Country Ireland
Host Institution University of Galway
Program(s) University of Galway
UCEAP Course Level Upper Division
UCEAP Subject Area(s) Archaeology
UCEAP Course Number 112
UCEAP Course Suffix
UCEAP Official Title ARCHAEOLOGY IN PRACTICE
UCEAP Transcript Title ARCHLGY IN PRACTICE
UCEAP Quarter Units 5.00
UCEAP Semester Units 3.30

Course Description

This course teaches students about the wide range of ways in which archaeologists go about researching the past. Students learn about the nature of the archaeological record (formation processes, preservation conditions, etc.), different types of data collection and analyses used by archaeologists, including isotope analysis and ancient DNA analysis, dating methods, and different research foci with accompanying case-studies. Students are also given hands-on introductions to topographical and geophysical surveying equipment.

Language(s) of Instruction
