Course Description

This course introduces the subjects of Law of Obligations and Contracts, Rights in Rem and Mortgages, Family and Inheritance Law, Law of Torts and Consumer Law, where different legal relationships are generated in which the person is the backbone. Students examine the importance of the law as a regulatory system for social relations and a branch of the legal system that focuses on the study of individuals. Topics include the main institutions that integrate the Law of the Person, such as the capacity, the personality rights, or the different civil statuses and their meaning, having special relevance the situation of minors and disabled people and the study of the tutelary institutions. In addition to the natural person, the concept and types of legal people are addressed to give an in-depth view of their forms of organization.
